Full job description

JOIN THE HERD:

We're a fast-growing digital media agency working with exciting brands across the UK. With more demand than ever for our web projects, we're looking for a Junior+ Web Developer to join our team and work alongside our experienced developer. This is a great opportunity for someone with some commercial experience who wants to step up, sharpen their skills, and grow with us.

What you'll be doing

- Building and maintaining websites for our clients, mainly in Framer and WordPress
- Assisting with day-to-day development tasks, taking the load off our lead developer
- Contributing ideas and solutions in a collaborative team environment
- Testing and troubleshooting to ensure high-quality, responsive sites
- Learning new tools and technologies as we grow our digital offering

What we're looking for

- 1–2 years' experience in web development (agency, freelance, or commercial projects)
- Solid knowledge of HTML, CSS and JavaScript
- Familiarity with WordPress (themes, plugins, customisation)
- Interest in modern tools like Framer (training provided if needed)
- A problem-solver with attention to detail and a willingness to learn
- Strong communication skills and ability to work as part of a team

What we offer

- **£26-28,000 p.a. starting salary**
- **28 days holiday per year** (including bank holidays)
- **1 Work From Home day per week**
- **Free gym membership**
- **Free parking**
- **1 mental health day every 6 months**
- **1 charity day every 6 months** to support a cause you care about
- **Team days out** and socials to celebrate our wins

This is a chance to develop your career in a supportive team where your ideas matter. If you're eager to learn, ready to take responsibility, and want to be part of a growing agency, we'd love to hear from you.

How to apply:
Apply via Indeed with your CV and portfolio (if available) — show us the sites you've worked on and what excites you about web development.
